<b>Floors (overground)</b>	47	<b>Gross Floor Area (GFA)</b>	<a href="#">Contact us</a>

## Years and costs

<b>Year (construction start)</b>	1999	<b>Year (construction end)</b>	2001
----------------------------------	------	--------------------------------	------

## Facts

- The building is designed as an octagonal-shaped tower rising from an eight-story square podium base.
- Clad in granite panels and glass, the tower culminates with a dramatic 70-foot glass crown that illuminates at night.
- Bear Stearns' trading operations are located in the podium base on levels three through eight. Containing approximately 42,000 square feet, each trading floor accommodates up to 420 traders.
- The office floor plates are an octagon shape, achieving maximum efficiency and providing spectacular views.
- During the 1980s the 74-story 383 Madison Avenue was proposed for this site. The design architects for the project were Kohn Pederson Fox.

# Get Emporis Research today and benefit from our worldwide database now!

## Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

## Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

## Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

## Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
