Height (tip)	479 ft	Elevators	17
Height (roof)	479 ft	Usable Floor Area (UFA)	Contact us

Years and costs

Year (construction start)	2001	Year (construction end)	2004
----------------------------------	------	--------------------------------	------

Facts

- This building is located opposite the Olympic Stadium on the Georg-Brauchle-Ring.
- Es werden ca. 300 Mio. EUR in das Gesamtprojekt investiert.
- Das Projekt besteht aus vier siebengeschossigen Campusgebäuden (33.800 Quadratmeter BGF) sowie einem Hochhaus von 146 Meter Höhe mit 38 Etagen (50.200 Quadratmeter BGF).
- Das Hochhaus erhält eine lichtdurchflutete Glasfassade, als optische Anlehnung an das nahe gelegene Olympiastadion; in den Campusgebäuden sind zusätzlich Brüstungen mit Holzlamellen verkleidet.
- Uptown München replaces the Business Tower in Nuremberg as Bavaria's tallest high-rise building.
- This is the tallest building in Munich and a landmark for the regional capital.
- Offers its own underground railway station as well as easy access to the central ring road.
- The tower features a light-flooded glass facade; in addition to this the campus buildings are equipped with balustrades covered with wooden gills.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
