Height (tip) 137.8 ft **Units** [Contact us](#)

Years and costs

Year (construction start) 1992 **Year (construction end)** 1996

Facts

- On 1 October 2003 the "Aquatopia" aquarium opened in this building. It contains one megaliter of water with 3,500 creatures, self grown coral, and imitated reefs. Visitors can walk through in a glass tunnel.
- The developers won approval by persuading the city that this building would revive the station district, just as one of their projects in Toronto had revived a similar declining urban space.
