| | | | |
|----------------------------------|------|--------------------------------|------|
| Year (construction start) | 1995 | Year (construction end) | 1998 |
|----------------------------------|------|--------------------------------|------|

Features & Amenities

- One of the city's famous buildings

Facts

- Bei der räumlichen Gestaltung fügen sich ursprüngliche Materialien zu einem Ganzen zusammen. Stahlsäulen, dick wie Pipelines, sind bewußt sichtbar gelassen.
- Zwei Torsäulen mit 16 Geschossen tragen drei Attikageschosse die ein 75 Meter hohes Tor bilden.
- Die von den Torsäulen und Attikageschossen gebildete Halle ist verglast und mit einer Höhe von 56 Metern die höchste Europas.
- Die Fassade des Düsseldorfer Stadttors besteht aus einer äußeren Ganzglashaut und einer inneren Fassade aus Buchenholzelementen. Die Äußere Fassade folgt dem klaren Prinzip des "Structural Glazing".
- Bei warmen Außentemperaturen versorgen Kühldecken die Arbeitsplätze -ohne störende Zugscheinungen - mit kühler Luft.
- Zehn Hochgeschwindigkeitsaufzüge mit einer Kapazität von jeweils 17 Personen und drei Rolltreppen der Firma OTIS gewährleisten auch während der Stoßzeiten schnelles be- und entladen des Gebäudes.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
