Height (structural)	380.58 ft	Height (roof)	380.58 ft
Height (tip)	380.58 ft	Floors (overground)	23

Years and costs

Year (construction start)	1967	Year (construction end)	1976
----------------------------------	------	--------------------------------	------

Features & Amenities

- One of the city's famous buildings

Facts

- Despite how it looks, the building is in fact two towers that were built independently, with two independent concrete cores.
- All the floors "hang" from a large concrete structure built in the top floors.
- The twelve elevators make a total of 24 stops and they travel at 3.5 m/s. They can carry 9 people, 675 kg. The length of their travel is 75.45 m.
- The green copper crown was added after the building was finished.
- The building is knowed as the 'Enchufe' (plug-in) because of the design of the top.
- Tallest office building in Madrid from 1976 to 1989, when it was then surpassed by Torre Picasso.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
