## Features & Amenities

- One of the city's famous buildings
- Public parking is available

## Facts

- The new Ford Fiesta ad was set in the building reception.
- A camera of TV3, the Catalan official television station, is located on top.
- Floors are made of a composite structure of steel and concrete, 18.5 cm. thick.
- Construction delays prevented the hotel from opening for the Olympic Games. Some of the foundation was placed incorrectly.
- There are 365 bedrooms with king or twin beds, 44 Executive Suites, 32 Deluxe rooms 12 Executive Suites on The Club, 27 duplex luxury Apartments with one, two or three bedrooms. All guest rooms have marble bathrooms, compact disc player, mini-bar and fax/pc connections, satellite television and video. The Apartments are between 34 and 44 level.
- The architect from the office who designed the building was Bruce Graham.
- A "Six Senses Spa" is situated on the 42th and 43rd floor.
- The facade maintenance cabin run between the white skeleton structure and the building facade.
- There are 482 rooms with panoramic views of the sea and the city.
- Proclaimed as the third Best Hotel in the world by the tourism and holiday magazine Condé Nast Traveler in October, 2003.
- The building seems to appear from the under the ground level, where there is a pool.
- The Royal Bedroom has an area of 350 m<sup>2</sup>.
- There is a Club in the 33rd floor with special concierge team.
- The building was built as part of the urban transformation plan to create a modern village for the 1992 Olympic Games, and a new skyline for the waterfront district of Barcelona.

# Get Emporis Research today and benefit from our worldwide database now!

## Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

## Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

## Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

## Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
