Facts

- With an asymmetrical T-shaped footprint, its lateral load system is based on shear walls and a gravity frame.
- Large transfer floors, curtain walls, and pre-cast facades accommodate a column-free ball room and lobby.
- The Sofitel has 400 luxury guest rooms including 52 suites
- The architectural design features a limestone and glass tower, flanked by two rectangular 20-story wings.
- The design was chosen after an architectural competition which included entries from famous architects such as .
- In the center of the lobby there is a 2-story rotunda with a curving staircase, a tall wooden sculpture, and a mural of Central Park.

- The cylindrical tower on top of the building's front side features an inscribed logo of 3 birds flying.
- The back side of the hotel overlooks a small mid-block plaza between 45th and 46th Streets.
- Two shades of glass are used for the windows, with the lighter shade on the lower floors and a slightly darker tone near the top.
- The Sofitel New York Hotel was the winner of the Emporis Skyscraper Award 2000, presented here on February 22, 2001.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
