**Features & Amenities**

- One of the city's famous buildings
- City landmark
- Atrium is present
- Skylobby is present

**Facts**

- Considered to be of the largest railway stations in the world and arguably the most striking.
- Japan's second largest train station building after Nagoya Station.
- The grand staircase of the station has 171 steps.
- The futuristic glass structure replaced the old Kyoto station, which burned down in 1952.
- The station's wavy roof is a structure of braced steel truss supports and glass.
- Built to commemorate the 1,200th anniversary of the foundation of Kyoto as the Heian capital.
- The atrium rises 60 meters over the main concourse up to the roof.
- The giant escalator system takes passengers up nine storeys.

**Involved companies**

Architect.................................................................

Hiroshi Hara & Atelier

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
