|                            |        |                                |                            |
|----------------------------|--------|--------------------------------|----------------------------|
| <b>Height (structural)</b> | 378 ft | <b>Elevators</b>               | 6                          |
| <b>Floors (overground)</b> | 29     | <b>Usable Floor Area (UFA)</b> | <a href="#">Contact us</a> |

## Years and costs

|                                  |      |                                |      |
|----------------------------------|------|--------------------------------|------|
| <b>Year (construction start)</b> | 1928 | <b>Year (construction end)</b> | 1929 |
|----------------------------------|------|--------------------------------|------|

## Features & Amenities

- One of the city's famous buildings
- City landmark

## Facts

- Winner of the 1994 San Francisco Architectural Heritage Award for excellence in architectural preservation for exterior restoration.
- The building was built in exactly 300 days.
- Office floors were designed with moving partitions.
- Ornamental detail is carried inside the lobby and all elevator lobbies.
- The top portion of the building's facade is decorated in sepia-glazed terra cotta with blue-green cast concrete spandrels and abstracted shell designs in reference to the building's owner.
- Sanborn heights: 301 feet to floor 23, 352 feet to floor 27, 376 feet to top of floor 29.
- Shell Oil Company, the building's namesake, ultimately vacated the building during the 1960s.

# Get Emporis Research today and benefit from our worldwide database now!

## Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

## Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

## Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

## Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
