Features & Amenities

- One of the city's famous buildings
- Observation floor is available

Facts

- On the 45th floor is the Terraco Italia restaurant with sweeping views of the city.
- Built to honor the thousands of Italian immigrants to Sao Paulo.
- Edificio Italia is an office building designed as a triangular tower with curved corners and is covered with brise-soleil.
- Upon completion, Edificio Italia became the 2nd tallest building in Sao Paulo.
- The facade has 6,000 square meters of glass distributed in 4,000 windows.
- It is often considered as São Paulo's tallest building, a title that actually belongs to Palácio W. Zarzur.
- An 18 month re-fit of the facade was completed in 2006 at a cost of US $700,000 (R $1,5 million).
- The building is 168 meters in height when measured from the underground level to its roof.

Involved companies

Architect: Franz Heep
São Paulo
Brazil

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
