Features & Amenities

- One of the city's famous buildings

Facts

- The Bellagio Resort was built upon the former home of the Dunes Hotel and Golf Course.
- The Bellagio Resort & Casino cost \$1.6 billion to construct (the most expensive building in the world upon completion) on 126 acres of land which was purchased for a bargain \$70 million (well below 10% of the land value only a year after opening).
- The hotel contains 3,000 guest suites.
- The Bellagio is named after a resort town on the shores of Lake Como in Northern Italy.

- The resort features a \$40 million dancing fountain on a man-made lake in front of the hotel with 1,200 nozzles, highlighted by 4,500 colored lights choreographed to shoot water up to 250 feet into the air.
- Bellagio features a 122,000 square foot casino.
- The building boasts a 12,500 square feet botanical garden.
- Bellagio Resort & Casino has 150,000 square feet of convention space.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
