Facts

- The sculptured cornice gives the Fidelity an unusual, almost Gothic-looking appearance.
- Fire Insurance maps indicate this building is 130 feet to the main roof slab, not including projections at the corners.
- This building and One Monument Square are equipped with high powered beacons that illuminate Monument Square.
- Clad on two sides by Indiana Bedford limestone, it was a pioneer in the use of steel-frame construction in this area.
- The Fidelity Trust Company Building was Portland's first skyscraper.
- At the time of its construction, it was the tallest skyscraper north of Boston.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
