Facts

- It was originally ten stories tall, clad in buff brick, and according to Fire Insurance maps had a main roof height (excluding the penthouse) of 105' (32 m).
- The exterior was radically changed along with the addition of the 11th story in 1975 as part of downtown Anniston's revitalization efforts.
- On July 26, 2003, the 10th floor of the building caught fire and, since then, only the first two floors have been reopened.
- As of late 2003 the building's future was uncertain.
- Since it was built, this has been the tallest building in Anniston.

Involved companies

Architect: Warren, Knight & Davis
Birmingham
U.S.A.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors
- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities
- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors
- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work
- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
