Facade Material	glass	Main Usage	observatory

Spatial dimensions

Height (structural)	410.1 ft	Floors (overground)	4
Floors (underground)	0	Gross Floor Area (GFA)	Contact us

Years and costs

Year (construction start)	1984	Year (construction end)	1986
----------------------------------	------	--------------------------------	------

Facts

- Observatories are located on the 2nd floor (105 m) and the 4th floor (112.7 m).
- During the night, the second floor observatory displays a black-lit mural ("Aqua-fantasy") depicting undersea scenery.
- The long and slender tower is protected by a 15 ton dynamic damper, said to reduce earthquake vibration by 30% and wind vibration by 10%.
- The tower can withstand wind gusts of 60 m/s and an earthquake of level 7 on the Japanese shindo scale.
- The tower's exterior is formed of 5571 panes of 1375 mm X 875 mm "half mirror glass," glass that has been spattered with metal to make it reflective.

Get Emporis Research today and benefit from our worldwide database now!

Analyze buildings, construction markets, regions and competitors

- 450,000 buildings from a wide range of categories such as residential, office, retail, hospitality and many more
- Choose from a broad range of regional data packages – or create your own
- Powerful and fast search for in-depth analysis
- Detailed search queries in over 50 data fields, e.g. filter by location, size, status, building usage and construction types
- Generate customized lists of construction projects and involved companies

Generate leads and explore new business opportunities

- Get contact information for over 160,000 companies
- Search for companies related to specific construction projects or generate lists according to particular fields of activity
- Find new clients and business partners or connect with key players in new markets
- Forecast trends and future market growth
- Spend less time researching, and more time doing business

Keep up to date and ahead of your competitors

- Get constantly-reviewed data from around the globe
- 24/7 access to the database from anywhere in the world
- View detailed information about existing buildings as well as those planned and under construction
- Save your searches for easy future reference
- Receive email notifications about new content fitting your criteria

Download data and put it to work

- Export information easily to CSV/Excel files
- Individually select data fields for your specific needs
- Integrate the data into your own internal system
- Provide your staff with actionable data
- Benefit from limitless downloads within your chosen package
